

Queensland
Mental Health
Commission

We will be
successful
when our work
has contributed
to our **shared**
vision...

Our vision

A **healthy** and **inclusive** community...
where people experiencing
mental health difficulties or issues
related to substance use...
have a **life with purpose**... and
access to **quality care** and **support**...
focused on **wellness** and **recovery**...
in an understanding, empathic
and compassionate
society

Our role

To drive **ongoing reform**
towards a more integrated,
evidence-based, recovery-oriented
mental health, drug and alcohol
system in Queensland by:

- Consensus and progress towards
achieving **system wide reforms**
- Maximising collective impact
of **lived experience** and
professional expertise

What we do

- Whole-of-government
strategic plan for mental health
and drug and alcohol system
- Review, research and **report**
- **Promote** awareness and
early intervention
- Support systemic
governance

Direct control

We have **direct control**
over allocation
of our resources,
who we work with
and the advice
we give.

**Influence requires
credibility**

Results	2014	2015
QMHC is credible	68%	72%
Advisory Council gives effective advice	37%	48%

Tracking our progress

Our progress to date

Indirect influence

Which leads to indirect influence over:

- A population with good
mental health and wellbeing
- Reduced stigma and discrimination
 - Reduced avoidable harm
 - Lives with purpose
- Better physical and oral health
- Positive experiences of support,
care and treatment

Direct influence

This gives us direct influence over:

- Better services
- Better awareness, prevention
and early intervention initiatives
- Better engagement and
collaboration
- Better transparency
and accountability
