

Australian Psychosis Conference

September 11-13, 2023

Novotel Sydney,
Brighton Le Sands Beach

Be the Bridge

bridging research, practice and lived experience

The Australian Psychosis Conference 2023 is the first face-to-face gathering we have been able to organise in 5 years. It is a time to re-group and bridge gaps in our field by bringing research, practice, and lived experience closer together.

Whether your contribution is in research, clinical practice, or positioning lived experience at the centre of our field, you will have the opportunity to discuss the evidence presented with research leaders.

3 Innovative Workshops Sunday 10th September

Clinicians

Bipolar Disorder is Everywhere.

This workshop will provide you with everything you need to know all at once!

This one-day workshop led by Professor Gin Malhi – a world-expert in bipolar disorder – will provide a comprehensive update on the diagnosis and management of the illness.

Lived Experience

The Biomedical Model Vs Open Dialogue

This one-day workshop led by Satu Beverly discusses the effectiveness of the treatment of mental illness under the Biomedical Model and Open Dialogue.

Research

Data analysis

Dr Warda Syeda, Dr Yoshito Saito, Dr Cassandra Wannan and Dr Alec Jamieson – will discuss and workshop the use of PLS for multivariate analysis of complex data, 'Affinity Score' fingerprinting methodology, and the use of DCM (dynamic causal modelling) in functional imaging data.

****Workshops will be run parallel to each other on the same day**

Sundowner Tuesday 12th September

Join us for an informal way to gather and connect, all whilst enjoying some delicious food.

This Sundowner is proudly sponsored by our partner Sandoz.

Sandoz is a global leader in generic and biosimilar medicines. They pioneer access to high-quality, affordable medicines to millions of patients around the world.

Australian Psychosis Conference

September 11-13, 2023

Novotel Sydney,
Brighton Le Sands Beach

Be the Bridge

Proud Bronze Sponsor

mindgardens
Neuroscience Network

Australian Psychosis Conference has assembled a field-leading faculty. Speakers include:

Plenary 1

Social Determinants of Health

Keynote **Professor Fran Baum**

Plenary 2

Neurodevelopment: Preclinical studies

Keynote **Prof Melissa Bauman**

Support Speaker **Dr Tertia Purves-Tyson**

Support Speaker **Dr James Kesby**

Plenary 3

Neurodevelopment: Clinical studies

Keynote **Professor Christos Pantelis**

Support Speaker **Assoc Prof Jess Nithianantharajah**

Support Speaker **Dr Cassandra Wannan**

Plenary 4

Management of Non-Affective Psychosis: Recent research developments

Key Note **Assoc Prof Jose Rubio**

Support Speaker **Dr Henry Nasrallah**

Support Speaker **Professor Daniel Freeman**

Plenary 5

Frameworks for Prevention:

Keynote **Professor Alison Yung**

Support Speaker **Professor James Scott**

Plenary 6

A First Nations - speakers to be confirmed.

Plenary 7

Lived Experience: Living with Psychosis

Assistant Prof **Nev Jones**,

Dr Richard Schweizer

Assoc Prof Michelle Banfield

Plenary 8

Service Models: Innovations and Controversies:

Keynote **Professor Nicholas Goodwin**,

Support Speaker **Dr Juan Carlos d'Abrera**

Plenary 9

The Australian Society of Bipolar and Depressive Disorder (ASBDD) Symposium

Keynote **Professor Philip Mitchell, AM**

Keynote **Professor Michael Berk**

Plenary 10

Cognition in Psychosis

Keynote **Robert McCutcheon**

This session is supported by an independent medical education sponsorship from Boehringer Ingelheim with content developed and delivered independently.

Plenary 11

Bipolar Research

Keynote **Professor Michael Berk**

Partner Breakfast

Secure your free tickets via our website to 2 partner breakfasts during the Australian Psychosis Conference 2023

Tues 11th September: Transformative Panel Discussion - open to all

Proudly Sponsored by Sandoz

Wed 12th September: Translating clinical evidence into clinical practice- open to AHPRA members only

Proudly sponsored by Seqirus
