

# Living & Working with COVID-19 Plan

Centacare FNQ provides  
a wide range of social  
& clinical services to  
Far North Queensland  
since 1981.

## CONSIDERATIONS:

- Working people living with Psychosocial disability
- Working with people with disability from diverse backgrounds
- Working with Older Australians proving respite services
- Multi-disciplinary work force in remote, rural and regional areas

What happens when working with a client with different levels of community transmission?

What happens when working with a client where multiple services are providing support?
